DEDICATION

THE SMITHSBURG LIBRARY

SMITHSBURG, MARYLAND

On East Water Street in the town of Smithsburg stands the library, one of the few reminders in this area of the Civil War which was fought one hundred years ago. This building was erected as a dwelling and later converted to the town jail. In 1921 it was purchased by the Smithsburg Community Free Library Cooperation for library use. Realizing the need for expansion, in 1960 the town fathers added an addition and again remodeled this storehouse of knowledge to care for the constantly increasing demands of the community. We, the Class of 1962, humbly appreciate and laud our goodly heritage. May our ancestral glory ever be as a glowing candle to posterity.

FOREWORD

Memories are delicate things. All too soon they fade and slip away. A yearbook preserves them in solid print and photograph, to be viewed and cherished in years to come. Classes, teachers, activities, friends--all the hundreds of items which make up a school year are found between the covers of an annual.

The 1962 Smithion Staff is proud to present this latest edition, in the sincere hope that it will catch and hold a little light of memory for all.
